Dispute resolution and litigation

Gewerblicher Rechtsschutz

Morten Steenstrup founded the firm in 1989. He was submitted to the Supreme Court in 1993. Morten is today one of the leading litigation attorneys in Norway and he is one of today's lawyers who have brought most cases before the Supreme Court. He has extensive experience leading teams in complex and labor-intensive cases, often with an international dimension. He also provides comprehensive strategic advice, assists in demanding contract negotiations and talks with a number of business executives to solve legal challenges.

With his background as a Member of Parliament, secretary of state and a member of the Oslo City Council, Morten has extensive insight into political processes and the administration and is therefore a good adviser on cases in the interface of law and politics/administration.

Morten has extensive experience from a number of Norwegian and international board positions. He is today among others a Chairman of Continental Dekk AS and board member of Norway's leading hairdressing group Raise (Nikita).
